

# Kübu

build. play. explore.

No ads. No screens. No directions. Kübu lets young minds create and explore, stretching the limits of their imagination. Don't just get off the couch, interact with it.

## Build. Play. Explore.

Kübu is composed of 8 interconnected blocks that can be arranged into a variety of different shapes. The blocks are lightweight, durable, and easy to clean making them the perfect fit for young children. Kübu provides hours of entertainment and can easily be folded back into a cube for storage.
